

Availability of American Community Survey Data by Municipality

Detroit-Warren-Flint Combined Statistical Area

Most Frequently-Released Dataset Available

- 1-Year Estimates
- 3-Year Estimates
- 5-Year Estimates

Note: American Community Survey frequency is based on the population of the municipality. Estimates are released every year for municipalities with more than 65,000 residents, every three years for municipalities with between 20,000 and 65,000 residents, and every five years for municipalities with fewer than 20,000 residents.

The population data used to create this map are from the 2010 Decennial Census.
