

Data Driven Detroit (D3) Who We Are

Presentation to
Detroit Water and Sewer Department

Gregory Parrish, Amy Grodin, and Clay Martin
October 5, 2011

What is Data Driven Detroit (D3)?

- D3 is a non-profit, founded in 2009, principally funded by The Kresge Foundation and The Skillman Foundation.
- D3 supports foundation, public, non-profit, and community partners with research, analysis, and mapping/data visualization.
- D3 is a member of the National Neighborhood Indicators Program (NNIP), founded by the Urban Institute.

Mission

Data Driven Detroit (D3)

**provides accessible high-quality
information and analysis to drive
informed decision-making that
strengthens communities in
Southeast Michigan**

Data Driven Detroit's Roles

Work with Data

- Collect and Evaluate
- Enhance
- Analyze/Synthesize
- Visualize
- Democratize

Support Partners

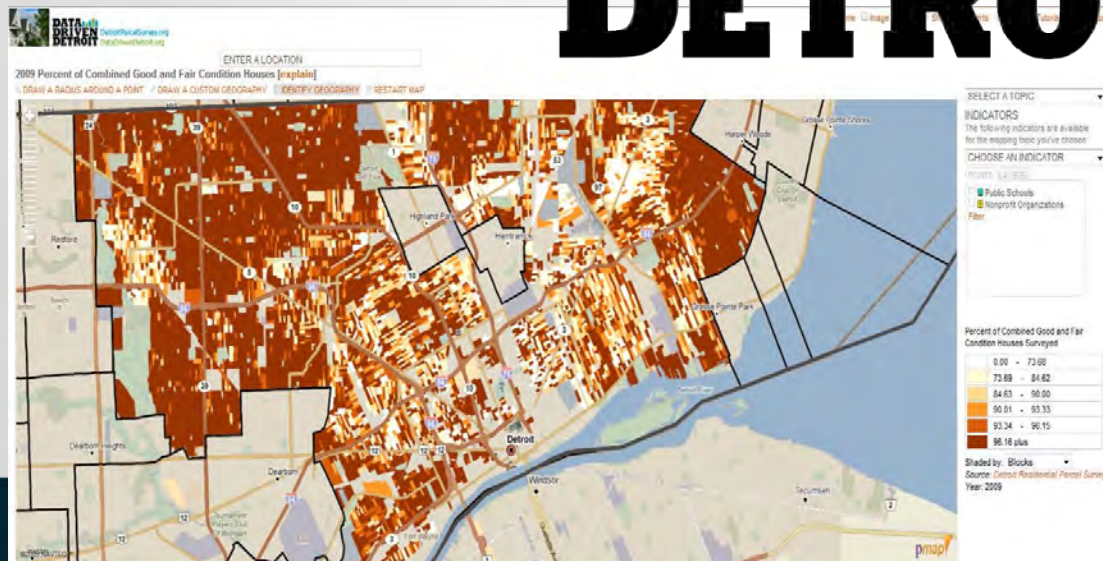

- Share Augmented Data
- Illustrate Macro Trends
- Provide Neighborhood Analyses
- Inform Strategy and Prioritization (Targeting)
- Provide Project Technical Assistance
- Promote Synergy and Convergence

(Some) Neighborhood Indicators

- Population Characteristics and Trends
- Health, Education, Employment
- Housing Occupancy and Quality
- Mortgage Lending and Housing Market Activity
- Crime and Public Safety Information
- Community Capacity and Institutions
- Vacant Land Inventory and Land Use
- Environmental Assessments
- Economic Activity and Trends

DATA
DRIVEN
DETROIT

“The United States must remake its economy if it is to achieve sustainable prosperity in a world that continues to transform at a dizzying pace. Americans must move from an economy driven by domestic consumption, debt, and financial engineering to one that is driven by exports, powered by cleaner energy, fueled by innovation, and rich in opportunity. Movement toward such an economy must be led by metropolitan areas.”

Bruce Katz and Jennifer Bradley
Brookings Institution
The Metropolitan Moment

2010 One D Regional Scorecard

The 2010 One D Scorecard is now available! The regional Scorecard tracks over 100 indicators in five key priority areas: Economic Prosperity, Educational Preparedness, Quality of Life, Social Equity, and Regional Transit. Learn more about the [2010 One D Scorecard](#).

Developing New Data

A joint project of

With the support of

- Why was it necessary?
 - Partners needed more granular, current, and robust information
 - Condition and Vacancy data was of particular importance
 - Vacant Land survey necessary because of the rapid changes that are not captured within administrative datasets

The left side of the slide features a series of vertical stripes in shades of blue, grey, and orange. Overlaid on these stripes are several orange circles of varying sizes, some of which are partially cut off by the edge of the frame.

GLOBAL DETROIT

FOUR STRATEGIC OUTCOMES

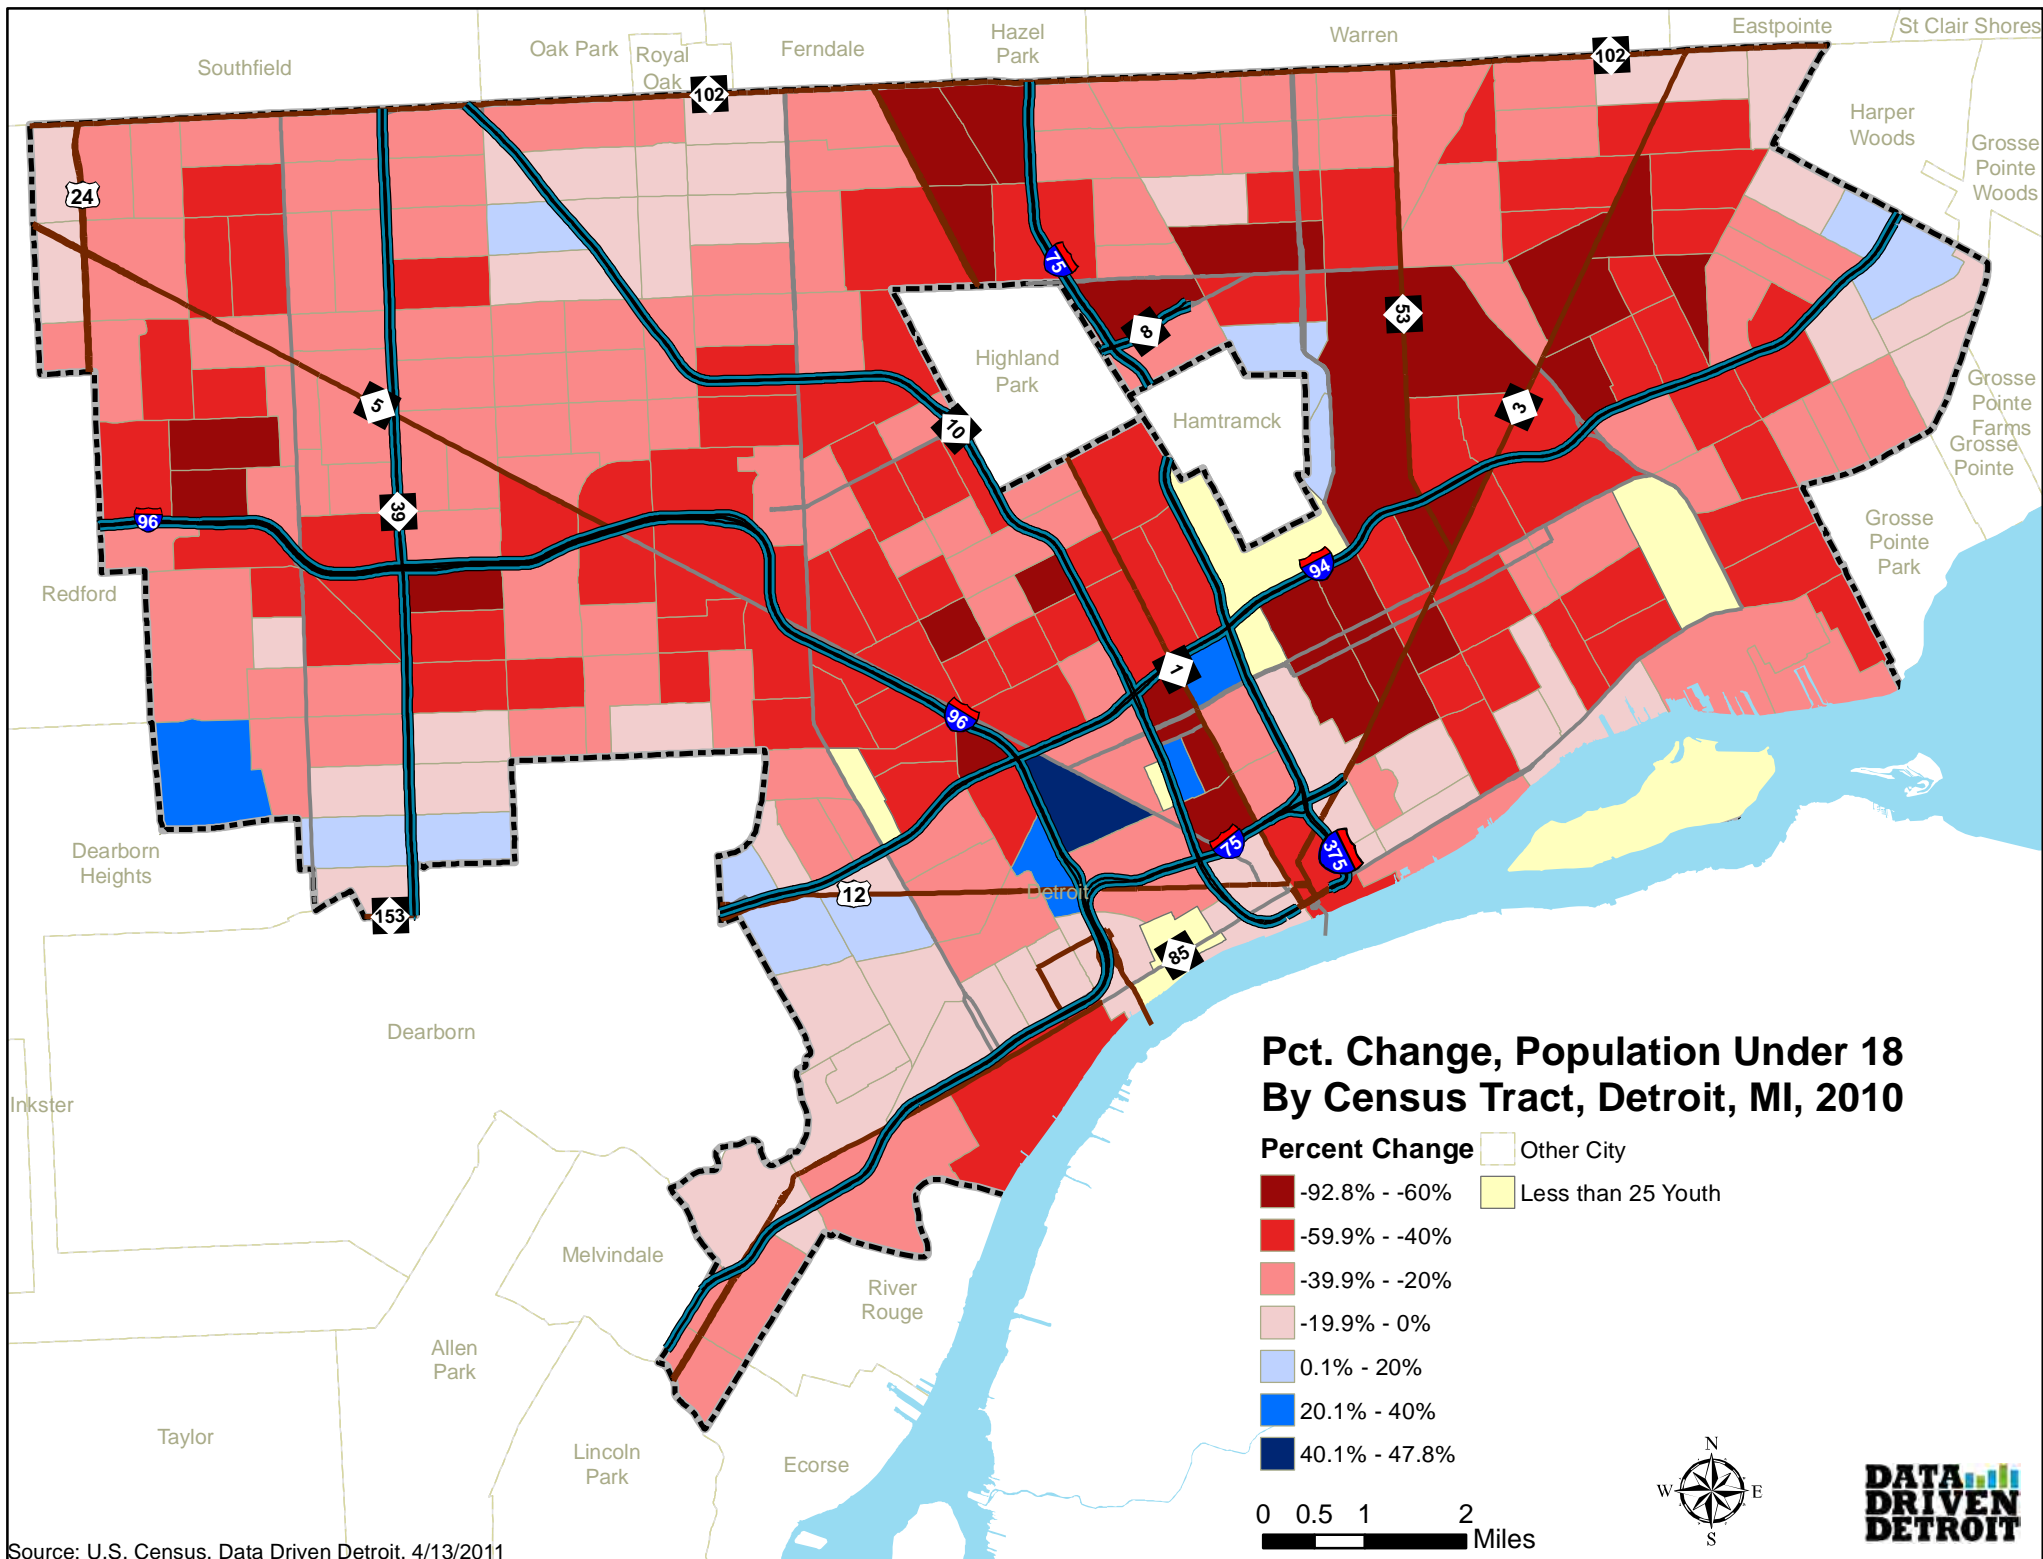

1. **Make the region welcoming to the international community and immigrants.**
2. **Attract international investment and businesses that create jobs.**
3. **Strengthen, grow, and revitalize neighborhoods in the city of Detroit and in the region's core communities.**
4. **Attract and retain international talent in the region.**
