Summary	xiii
Goals and Objectives	xiii
Recommendations	xv
Conclusion	xviii
Introduction	1
Goals and Objectives	1
Background and Study Area Description	3
Systems	3
Indicators	5
Recommendations	6
Data Warehouse	9
Introduction and Background	9
Methods and Results	9
Recommendations	10
Data Control and Maintenance	10
Data Selection	14
Conclusion	16
Major Data Sources	16
Data Acquisition and Management	19
Conclusion	24
Community Empowerment System	25
Key Dimensions for a Detroit CES	26
Recommendations for a Detroit CES	40
Reporting	41
User Registration	44
Data Acquisition and Management	44
Data Uploading	47
Feedback, Outreach and Collaboration	48
User Training	49
Role in Community Change	49
Phasing the Development of a Detroit CES	50
Near Term	51
Middle Term	51
Long Term	52

- Conclusion 52
- Early Detection System 55**
 - Introduction 55
- Part I: How to Build an EDS 56**
 - Definition and Background 56
 - Indicators Defined 57
 - Methods for Developing an EDS 59
- Part II: EDS Methods Applied 83**
 - Define the Question 84
 - Develop Indicator Selection Criteria 84
 - Gather Additional Data 86
 - Establish a Database 86
 - Test the Data 86
 - Combine Indicators to Produce a Comprehensive Typology 95
 - Conclusion 80
- Implementation 81**
 - Phase I – Setup/Development 81
 - Phase II – Construction 82
 - Phase III – Refinement/Expansion 82

Conclusion	85
Appendix 1: System Case Studies	87
Part I: Indicators System Case Studies	87
Part II: Indicators Case Studies Matrix	98
Part III: Case Study Data Providers	105
Appendix 2: Glossary	131
Appendix 3: Correlation Analysis	133
Appendix 4: Descriptive Maps	139
Appendix 5: Misleading Results	147
Appendix 6: Neighborhood Typologies	151
Appendix 7: Indicators Evaluated	155
Appendix 8: Mapping Change Over Time	157
