

# Introduction to the Interactive Ecosystem Map

---

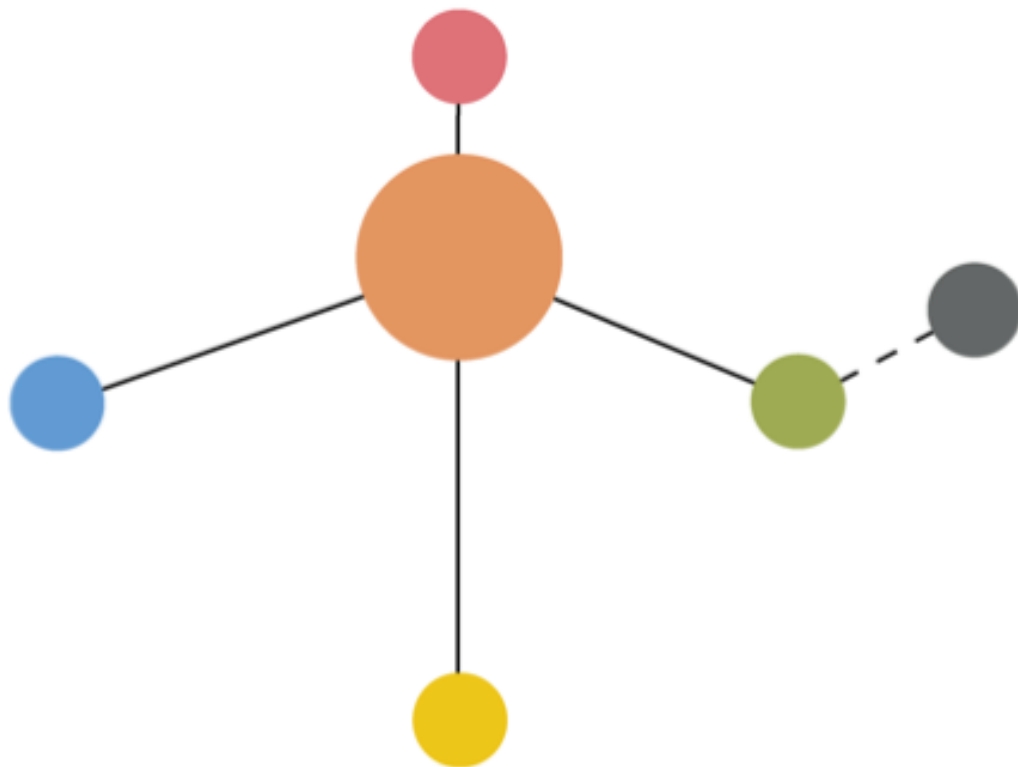

Figure 1: The Detroit Early Childhood Development Existing Ecosystem Map is centered around Family & Caregivers (comprised of Parents, Guardians, Extended Family, Neighbors, and Friends). Components of the ecosystem have been organized into five primary categories.

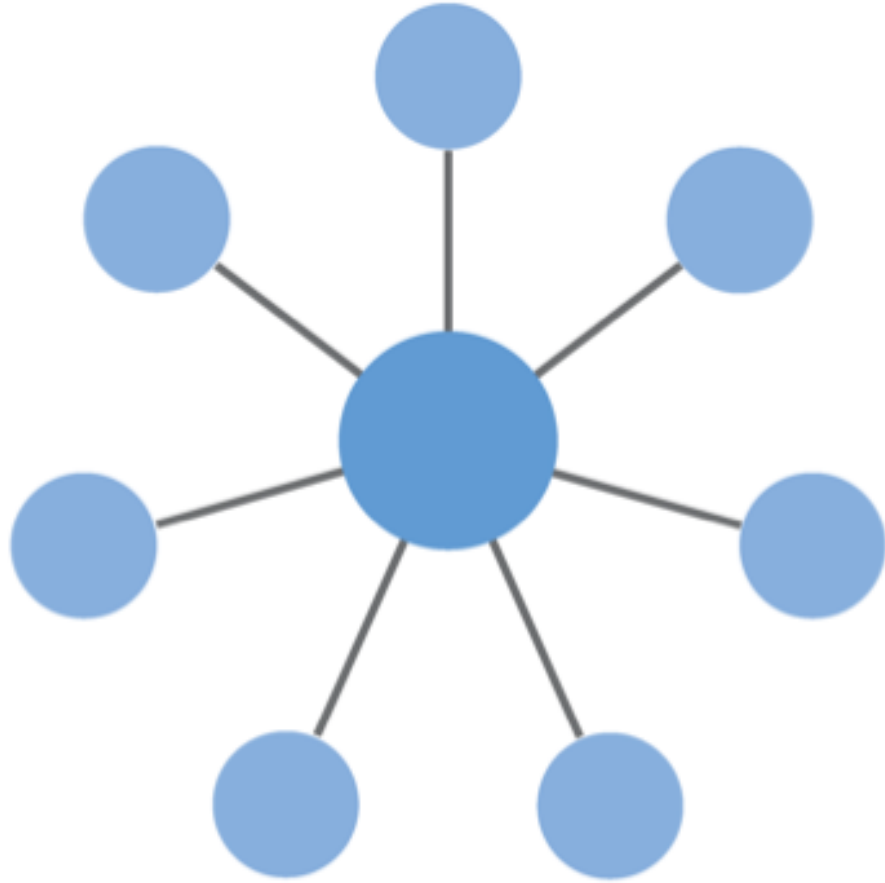

Figure 2: Each Primary category is made up of multiple sub-categories.

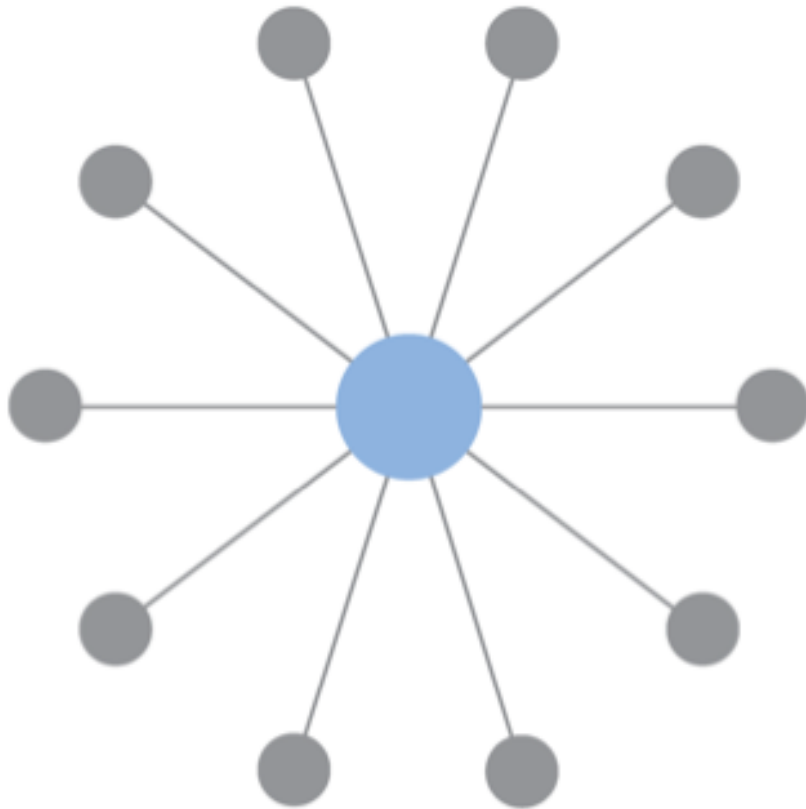

Figure 3: Organizations are associated with each of the sub-categories.

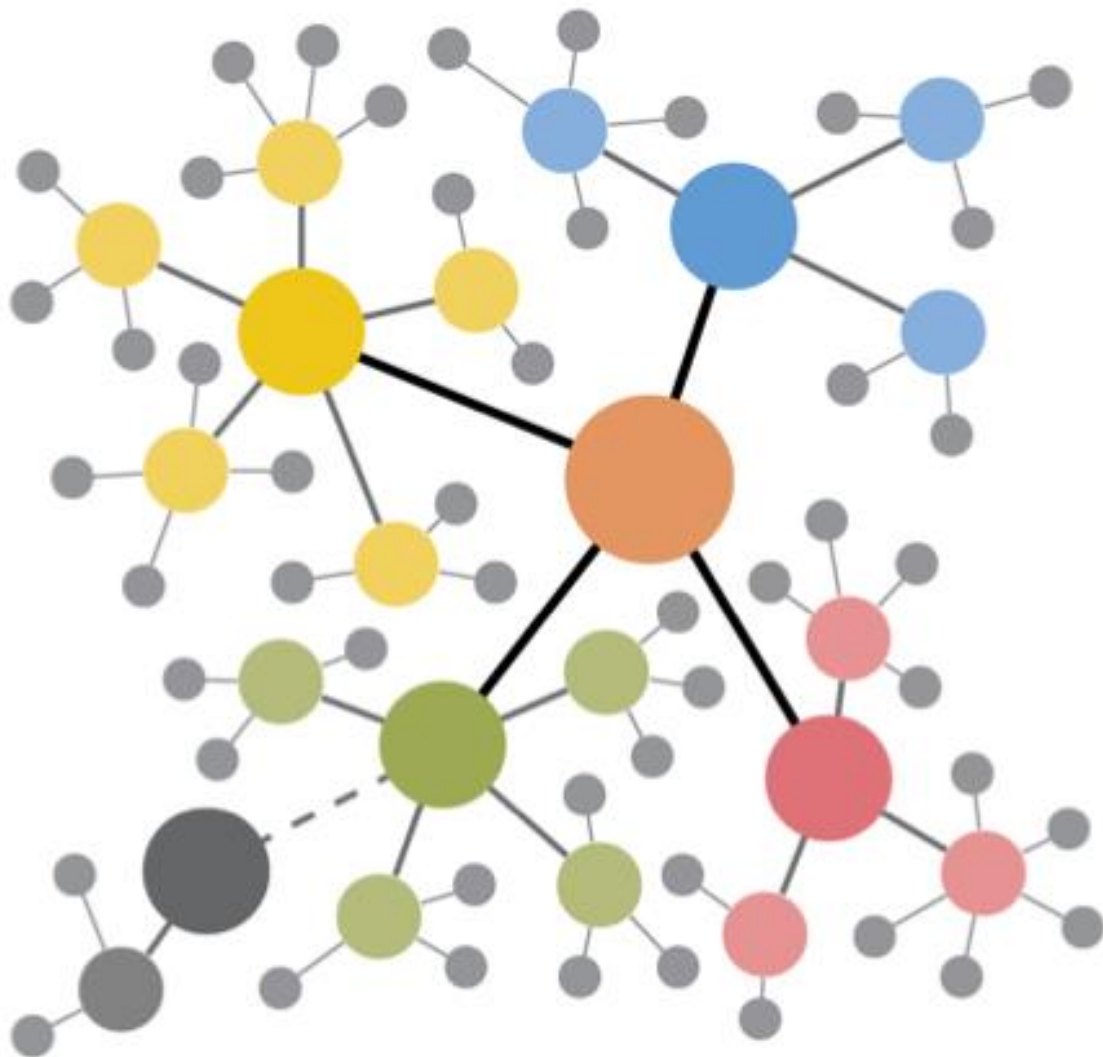

Figure 4: There are many organizations across the City providing an array of services.

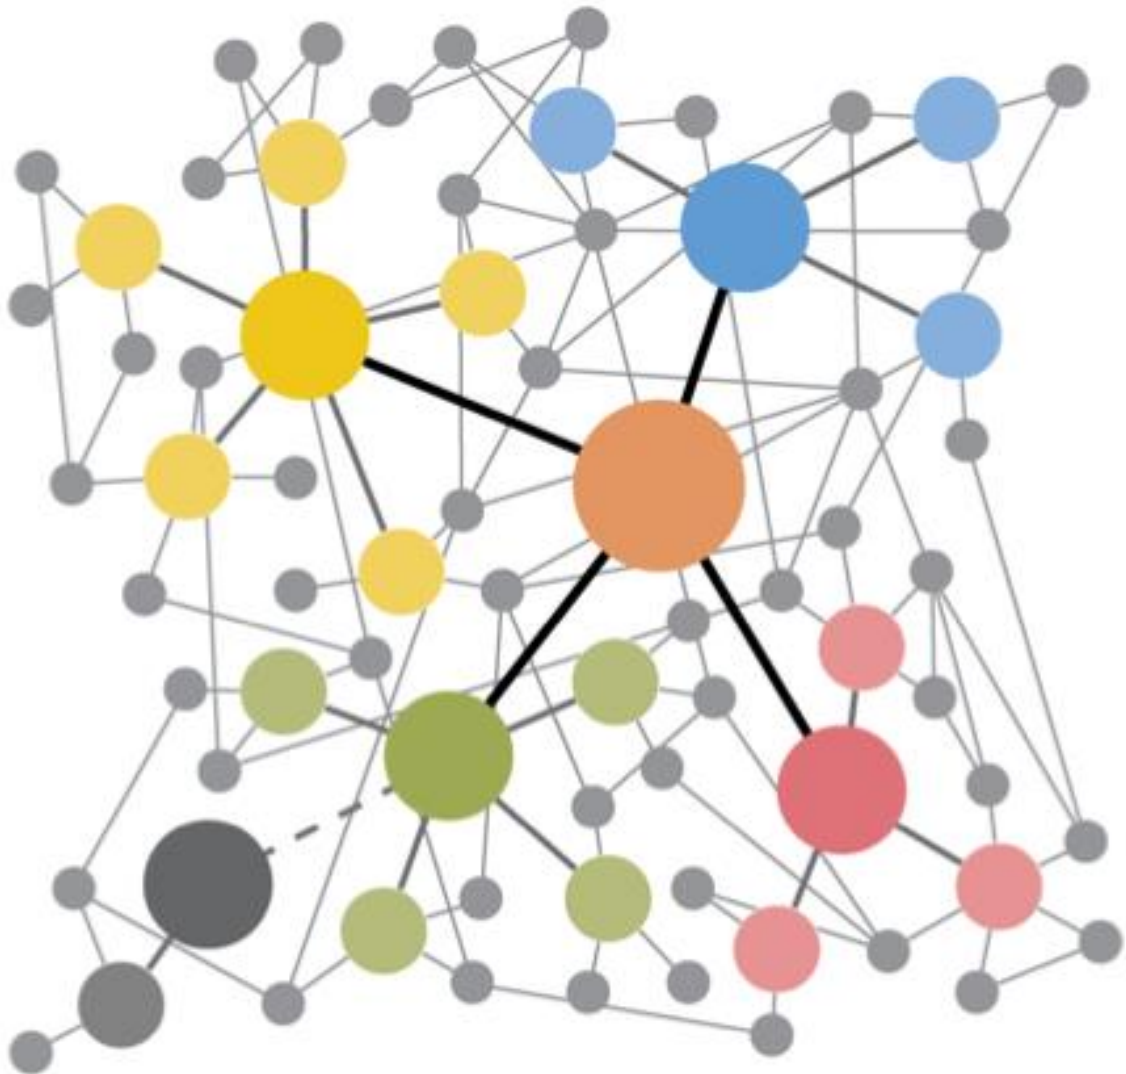

Figure 5: Many of the organizations provide multiple services across multiple areas of the ecosystem.
